

# **PWDCA NATIONAL FUTURITY & MATURITY STAKE**

## **STEP 1 (of 3): Check List for Litter Nominations**

- Envelope containing nomination and nomination fee must be postmarked after breeding and before litter is whelped.
- Breeder or Co-breeder of this litter is a member in good standing of the PWDCA.
- Both sire and dam of this litter have “current” health records on file with the PWDCA Health Database at the time of nomination.

“Current” shall be defined as consistent with the requirements outlined in The Health Testing Policy for PWDCA Breeders’ Program Participation and are as follows:

- Orthopedic Foundation for Animals (OFA) hip certification (obtained at 2 years of age or older) on both the stud dog and brood bitch prior to mating, utilizing dogs who have received a passing hip score (fair, good, or excellent rating)
- A current (yearly) Canine Eye Registration Foundation (CERF) or Eye Certification Registry (ECR) certification (passing rating) on both the stud dog and brood bitch at the time of breeding - up to the age of 120 months
- Progressive Retinal Atrophy (prcd-PRA) – Genetic test at OptiGen laboratory or certification of DNA parentage analysis via the Canine Health Information Center (CHIC) DNA parentage clear program on BOTH the stud dog AND the brood bitch prior to mating, with one parent testing normal (non-carrier).
- GM-1, Storage Disease (Gangliosidosis) - One parent, either sire or dam, testing normal (non-carrier) via the genetic test at NYU or certified clear (non-carrier) via the Canine Health Information Center (CHIC) DNA parentage clear program prior to mating.
- JDCM (Juvenile Dilated Cardiomyopathy) - One parent, either sire or dam, testing normal (non-carrier) via the genetic test at the University of Pennsylvania or certified clear (non-carrier) via the Canine Health Information Center (CHIC) DNA parentage clear program prior to mating.
- Early Onset Progressive Retinal Atrophy (EOPRA) – Genetic test at OptiGen laboratory. One parent testing normal (non-carrier) prior to mating.

For litters that are the product of frozen semen: (a) if the sire is alive, the CERF or ECR must be current throughout the litter listing period except where the sire is over 120 months old and the CERF or ECR was current at such date; or (b) if the sire is deceased, the CERF or ECR exam status must have complied with the then current PWDCA health policy in effect at the time of his death.

STEP 2: Puppy nomination prior to 5 months of age by breeder or owner: \$25.00 (Futurity or Maturity) or \$45.00 (Both Futurity and Maturity)

STEP 3: Entry in Futurity or Maturity Stakes Class at Specialty \$10.00

Please fill out the form below, then sign and mail it with nomination fee, to the Futurity/Maturity Coordinator:

Shelly Jakubowski  
5614 Hallcliffe Court  
Lincoln, NE 68516-2144
